#### **SHED OR YOU'RE DEAD: HOW TO STAY ALIVE & THRIVE IN THE MIDST OF HEALTHCARE CHANGE™**

Millions of dollars and thousands of hours are lost by organizations each year due to the inability to get nurses and leaders to move forward with changes. Why do 75% of all change efforts, leaders & nurses fail? Largely because nurses feel left out of the process & lack the skills, knowledge and motivation to adapt to the organization and group's new systems, processes & procedures. They are stuck in a rut of doing it the same old way that has always been done! Organizations that equip their nurses and patients to SHED® faster & quicker will be the ones that survive & thrive! This interactive session is packed with practical strategies for immediate implementation back on the job & at home! Your nurses will love Kathy's powerful & fun SHED message. **Best School Nurse Academy Ever!**
