Thoughts and reflections:

- You assisted with the clinic set-up, setting up each station to maximize safety in vaccine administration (I-A-4, II-A-1)
- You respectfully interacted with each client you administered the vaccine to (II-C-2)
- You carefully assessed each client prior to administration of the vaccine (I-B-1)
- You demonstrated thorough understanding of nursing technique when administering the vaccine (I-A-1)
- You revealed awareness of child development by how you individualized your approach to administration with each child who came to your station (I-A-2)
- You demonstrated professional demeanor in words, actions and appearance throughout the clinics (IV-E-1, IV-F-4)
- You worked collaboratively with the Board of Health and the Weston Emergency Corps volunteers to vaccinate over 100 staff members and 300 students, families and community members (IV-C-1)
