

David Luzzi, Ph.D., M.B.A. is Senior Vice Provost for Research of Northeastern University and Vice President for the Northeastern University Innovation Campus in Burlington, Massachusetts (ICBM).

Since arriving at the university in 2007 as Dean of the College of Engineering, David has dedicated himself to the success of the university and his Northeastern colleagues. He has contributed to many of the discussions, initiatives and actions that have transformed Northeastern University into a top-tier research university. Under David's leadership, new academic programs were launched, such as the Ph.D. in Bioengineering and the M.S. in Energy Systems.

David is a Full Professor of Mechanical and Industrial Engineering who has authored more than 120 scientific articles. He is a member of the Board of Directors of the Advanced Cyber Security Center and is a Founding Director of the International Cyber Security Center of Excellence. David was a member of the U.S. Air Force Scientific Advisory Board and served as its Science and Technology Chair. He has been awarded the Air Force Meritorious Civilian Service Medal, the Ellis Island Medal of Honor, and the George Heilmeier Award for Research Excellence.

Dr. Horwitz-Willis (often referred to as Dr. Nate) is a Doctor of Public Health and received his training from the University of Arkansas for Medical Sciences Fay W. Boozman (pronounced Bose-man) College of Public Health. He has professionally practiced in the field of Public Health for over a decade. He is an Assistant Professor and Coordinator of Public Health practice at MCPHS University. He is also the University's COVID-19 Coordinator. He concurrently serves as a Public Health Officer in the Massachusetts Air National

Guard. He is the Founding Principal of the public health and healthcare firm Leliwop, focusing on creating and sustaining health spaces and places where we 'learn, live, work, & play' across the globe. His academic and practice experiences includes humanitarian Public Health efforts, health

policy & management, infectious disease analytics, and public health technology to promote and protect the health while preventing against disease threats and mitigating risk to communities and industry. He was recently inducted into the Delta Omega Public Health Honor Society, in 2019 he was a Massachusetts Public Health Association 'Rising Star' awardee, is a member of the Beth Israel Lahey Health Board of Trustees and is a member of the National Association of Health Service Executives Greater Boston Chapter. He resides in Boston, MA.

Sheila Caldwell BSN, RN, CSN-NJ

Sheila is a New Jersey School Nurse. Sheila currently holds a position as Community Discussion Monitor for the National Association of School Nurses, a position she has held since April 2012. Sheila is a Johnson & Johnson School Health Leadership Program Fellow, and has presented at the local, state and national level and held a number of leadership positions within school nursing.

Lisa Kern, MSN, RN, NCSN

Currently the Supervisor for Health Services for Pasco County Schools, Lisa serves 76,000+ students across 90 schools. School nurses in Pasco have 2 schools with full-time clinic assistants in each school as well as LPNs at several locations that provide care for medically fragile students.

Lisa has been in the Florida education system for over 30 years, working as a school nurse for 15 years, and has retained national school nurse certification (NCSN) since 2002. She's been a member of the NASN and the Florida affiliate (FASN) for approximately 10 years. She served as FASN secretary, just completed her 4-year term as NASN Director and currently is chair of advocacy committee and co-chair for education.

Lisa participates in state-level committees and coalitions to support an integrated student services model which includes school nursing as a significant partner in the collaborative problem-solving process. She has presented at state health conferences and has been a SETT program trainer for NASN.

Lisa has been a registered nurse since 1984. She is a proud graduate of Fordham University, the

College of New Rochelle (NY) and Walden University. Previous nursing experience included practical nursing and CNA instructor, and oncology/medical-surgical nursing.

Linda Corridan MEd, BSN, RN

Linda is currently the Director of Nursing Services for the Wellesley Public Schools in Wellesley, Massachusetts. She has held this position for 10 years. Previously, she worked as a school nurse at the Medway and Holliston public schools in Massachusetts. Linda has held several education and management positions in her nursing career and recently was named by the National Association of School Nurses and the MA School Nurse Organization as the School Nurse Administrator of Massachusetts for 2020.

Adria Pavletic, MA, MN, RN, NCSN

Adria is currently the Director of Health Services at St. Mark's School in Southborough, Massachusetts. Previously, she worked as a school nurse at the Hopkinton and Natick Public High Schools in Massachusetts. She has authored several articles related to how school nurses connect with students and school counselors, published in the Journal of School Nursing. Adria received her BS in Nursing from Boston University, and her MA in Counseling and Masters in Parent/Child Health Nursing from Louisiana State University.
